

Terms and Conditions

Last Updated: 30 August, 2025

Welcome to **MedShare**. By registering and using our platform, you agree to the following Terms and Conditions. Please read them carefully before proceeding.

1. Roles on MedShare

MedShare provides a community platform where two types of users can participate:

- **Donor** – An individual who wishes to donate unused and valid medicines.
- **Receiver** – An individual in need of medicines.

By signing up, you acknowledge and agree to your respective role and responsibilities.

2. Information We Collect

To ensure safe and efficient use of MedShare, we require certain personal details from both Donors and Receivers:

From Donors:

- Full Name
- Email Address
- Contact Number
- Location (for proximity purposes only)
- Medicine Box Image (to identify the donated medicine)

From Receivers:

- Full Name
- Email Address
- Contact Number
- Location (to match with nearby donors)
- Prescription Image (only to identify the requested medicine name via AI; we do not store or use patient/hospital details)

3. Purpose of Data Collection

- **Location:** Used only to show nearby donors and receivers. This helps connect users without requiring delivery services. Donors can see which needy people are nearby, and receivers can find donors in their area.
- **Phone Number:** Shared between Donors and Receivers only after a request is accepted, so they can coordinate the exchange of medicine directly.
- **Medicine Box Image (Donor):** Ensures clarity about the medicine being donated.
- **Prescription Image (Receiver):** Used solely to detect the medicine name through our AI system. No other personal or medical information is required or stored.

4. User Responsibilities

- Donors must ensure that donated medicines are within expiry date, properly sealed, and safe for use.
- Receivers must use the platform responsibly and only request medicines that match their prescription.
- Both parties are responsible for verifying the authenticity and safety of medicines before use.
- MedShare is a platform to connect Donors and Receivers only.

5. Limitation of Liability

- MedShare is not a pharmacy, hospital, or healthcare provider.
- We do not verify medical prescriptions or donor medicines beyond what is submitted.
- Users are solely responsible for the medicines they donate, request, or consume.
- MedShare is not liable for any misuse, side effects, or damages arising from donated medicines.

6. Consent and Agreement

By creating an account as a Donor or Receiver, you agree to:

- Provide accurate and truthful information.
- Allow your location and contact number to be used for matching and communication purposes.

- Share prescription/medicine images only for the stated purposes.
- Abide by these Terms and Conditions.

7. Changes to Terms

MedShare reserves the right to update or modify these Terms and Conditions at any time. Users will be notified of significant changes through the platform or via email. Continued use of the platform after changes means you accept the updated Terms.
